REAL, LIVE, PERFORMING FLEAS
IN THE SMALLEST SHOW ON EARTH

In the tradition of the lost art of the flea circus,
witness live fleas performing death defying stunts!
See Teeny and Tiny walk the high wire, clinging
to their balancing poles way above the safety net;
watch Harry Fleadini struggle to escape his tiny box.
Marvel as Brutus the strongest flea in the world pulls
a locomotive 160,000 times his weight and Fearless
Alfredo Jnr attempts the incredibly dangerous high dive.
Visual Artist Maria Fernanda Cardoso's
incredible multimedia presentation comes direct from
a sell out season at the Pompidou Centre in Paris for
an Australian Premiere at **AWESOME**.
